

# Aluminum Frame Series | Gasoline Belt Drive

The popular **Aluminum Frame** Series is one of the lightest industrial-quality pressure washers in the industry featuring a lightweight aluminum frame, base plate and belt guard.

3500 to 4000 psi with various engine brands available. High pressure detergent injection available.

## Pump

- Belt drive triplex piston AR or General pump with ceramic plungers - Forged brass manifold
- Thermal relief valve
- Water filter with clear sleeve for screen inspection
- Stainless-steel and brass **Alklean** unloader with adjustable pressure

## Frame

- Patented vibration isolation plate with four rubber isolators for reduced movement
- Aluminum frame and base plate with 1¼-inch tube handles
- Two-piece belt guard for quick access to belts
- Flat-free tires

## Unit Includes:

- Quick connect nozzles – 0°, 15°, 25° & 40°
- 50-foot x ¾-inch non-marking hose with quick connects, swivel and bend restrictors
- Professional-grade insulated trigger gun with safety lock-off
- 48-inch lance with rubber grip
