

Cold Water Premium Fueled Series | Gasoline Belt Drive

Equipped with a heavy-duty belt drive system, the fuel driven Cold Water Premium Series is deemed the workhorse of the Alklean industrial pressure washer line.

2500 to 4000 psi. High or low pressure detergent injection available.

Pump

- Belt drive triplex piston General pump with ceramic plungers
- External bypass system allows more water into the system to protect from heat build-up
- Forged brass manifold (Nickel plated brass on 4000-PSI models)
- Thermal relief valve
- Water filter with clear sleeve for screen inspection
- Stainless-steel and brass unloader with preset pressure (3500 & 4000-PSI models have special unloader)

Frame

- Powder coated steel frame and base plate with 1¼-inch tube handles
- Flat-free tires
- Two-piece belt guard for quick access to belts

Engine

- Performance-proven engine with low-oil protection

Unit Includes

- Quick connect nozzles – 0°, 15°, 25° & 40°
- 50-foot x 3/8-inch non-marking hose with quick connects, swivel and bend restrictors
- Professional-grade insulated trigger gun with safety lock-off
- 36-inch lance with rubber grip (48-inch on 3500 & 4000 PSI models)
