

HVS Series

The HVS Series offers many of the same durable features as the HDS Series and is the most affordable option in the 120V skid line.

Gasoline/Diesel Belt Drive

Various models available with either gasoline or diesel engine

- High quality fuel filter/water separator ensures clean fuel supply to the burner
- 2900-watt generator for efficient power to the burner and controls
- 10-gallon polyethylene burner and engine fuel tanks
- Electric start engine
- Engine choke
- On/Off burner switch
- Pressure relief valve protects against excessive system pressure

HVS-3506-1H6G

Additional Features:

Pump

- Belt drive triplex piston General pump with ceramic plungers
- 80-mesh, high-volume, stainless-steel screen inlet water strainer

Engine

- Performance proven industrial gasoline or diesel engine with electric start (Battery not included)

Frame

- Heavy-duty powder coated steel tube frame

Components

- No. 1 or No. 2 diesel or kerosene fired burner (Not approved for bio-fuel)
- Pressure switch and thermal relief valve safety controls

Miscellaneous

- Temperature rise 150°F/66°C above ambient, maximum outlet temperature is 200°F

Unit Includes:

- Quick connect nozzles – 0°, 15°, 25° & 40°
- 50-foot x 3/8-inch steel wire-braided pressure hose with quick connects, (1/2-inch on HDS-3008 models)
- Adjustable pressure insulated dual lance with fixed detergent nozzle
- Professional-grade insulated trigger gun with safety lock-off
