

# Alklean Platinum Series Gas Engine

Designed with professional contract cleaners in mind, the Platinum Gasoline Series is perfect for the heaviest construction applications, and durable enough to handle 24-hours-a-day, seven-days-a-week run-time.

## Gasoline Belt Drive

3000 to 4000 psi.

**These features are what makes the Platinum Series different from the Bronze Series!**

- Three-way ball valve for inlet water selection
- Control panel includes 120V/15-amp auxiliary switch for a duplex GFCI outlet
- Stainless-steel coil wrap and control panel prevents rust
- Stainless-steel removable front panel for access to pump
- 25° nozzle for wet steam operation
- 2000 PSI @ 250°F Available on some models
- 4000 PSI @ 250°F (4005 models)
- Steam valve
- Detergent valve
- Hour meter
- Adjustable temperature control
- Auxiliary power switch

### Additional Features:

#### Pump

- Belt drive triplex piston General pump

#### Engine

- Performance-proven OHV engine with low oil protection or liquid-cooled Kubota diesel engine

#### Components

- No. 1 or No. 2 diesel or kerosene fired burner (Not approved for bio-fuel)
- High quality fuel filter/water separator ensures clean fuel supply
- Pressure switch and thermal relief valve safety controls

#### Frame

- Heavy-duty powder coated steel frame

#### Unit Includes:

- Quick connect nozzles – 0°, 15°, 25° & 40°
- 50-foot x 3/8 inch steel wire-braided pressure hose with quick connects (1/2-inch on 8 GPM models)
- Professional-grade insulated trigger gun with safety lock-off
- Adjustable pressure insulated dual lance with fixed detergent nozzle
- Adjustable high pressure detergent injector
